

# GROW YOUR CAREER

## WITH BRIAN DALY DESIGNS

### CALLING ALL HORTICULTURE STUDENTS!

Are you looking to bring your classroom knowledge to life and gain practical landscape design experience? This role will provide you with mentorship and allow you to get out in the field, design landscapes, and build a portfolio you can be proud of.

#### JOB DESCRIPTION:

This role is a hybrid, part-time, project based position. Designers will use PRO Landscape software to craft residential scaled plan views of average homes valued at \$1,000,000 and above average homes valued at \$5,000,000+. Training and access to the PRO Landscape software program will be provided, as well as a compatible computer. This position will require 10-15 hours per week, with workload fluctuating based on demand. Pay rate starts at \$20-25 per hour, commensurate with experience.

#### QUALIFICATIONS:

- Must be based in Northern Virginia
- Ability to travel to job sites between Arlington and Loudoun County
- Additionally, preferred experience with 3D rendering programs
- Familiarity with Microsoft Office Suite
- Strong interest in landscape design
